

BACKUP AS A SERVICE

DESIGN IN DEPTH | DEFENSE IN DEPTH | RECOVERY IN DEPTH

You can trust Eagle's secure, worry-free, fully managed and monitored backup solution.

Better data protection...it's in our DNA.

Streamline your IT operations and free-up valuable IT resources by offloading complex and time-consuming data backups to Eagle's Backup as a Service. Designed for optimum security and resilience, you can trust Eagle Technologies' expertise to ensure your data is safe and recoverable in the event of an outage.

BUILT-IN CYBER PROTECTION

Your data is safe from cyber threats with a platform that monitors your data for malware, ransomware, and other threats. Your backup data is encrypted and stored in an immutable data store in Eagle's secure cloud.

MANAGED DISASTER RECOVERY

In the case of a data loss event, Eagle can quickly recover and secure your data to its original state with little to no impact to your business.

CUSTOMIZED FULLY MANAGED DATA BACKUP STRATEGY

We tailor a solution to fit your business needs; whether you have a single location or several branch offices.

OFFSITE DATA STORAGE

Your data is safe in Eagle's secure, immutable cloud environment.

PREDICTABLE AND AFFORDABLE PRICING

There are no hidden costs, so budgeting is easy.

BUILT-IN SUPPORT

Services related to the setup and maintenance are included.

With over 45 years of experience in data protection, Eagle Technologies is the leading Backup as a Service provider in the Midwest. Contact Eagle today.
